FIREARMS in Persia. This article surveys the history and production of various firearms and artillery in Persia from their introduction to the 19th century.

### **FIREARMS i. HISTORY - Encyclopaedia Iranica**

A firearm is a portable gun (a barreled ranged weapon) that inflicts damage on targets by launching one or more projectiles driven by rapidly expanding high-pressure gas produced chemically by exothermic combustion (deflagration) of propellant within an ammunition cartridge. If gas pressurization is achieved through mechanical gas compression rather than through chemical propellant combustion ...

The 1943 Sears News Graphic wrote that the Sears catalog, "serves as a mirror of our times, recording for future historians today's desires, habits, customs, and mode of living." The roots of the Sears catalog are as old as the company. In 1888, Richard Sears first used a printed mailer to advertise watches and jewelry.
