Does stress and the pressure of change impact ethical and professional behaviour? In this interactive session, we will explore: ethical leadership, why it is important in managing change programmes, how social media can help in managing change and lead to ethical leadership, and why focusing on the difference between ethics and compliance can support your project success.

Change Management

Modern day organisations are more dependent on communication to achieve success than ever before. Rapid development and greater complexity of communication technologies, and the growing importance and popularity of social media, means that organisations can no longer rely on traditional methods alone to engage in effective business communication.
