Conceptual art, sometimes simply called conceptualism, is art in which the concept(s) or idea(s) involved in the work take precedence over traditional aesthetic, technical, and material concerns. Some works of conceptual art, sometimes called installations, may be constructed by anyone simply by following a set of written instructions. This method was fundamental to American artist Sol LeWitt's ...

In this section, we develop a novel conceptual framework for analysing the co-evolution of policy mixes and socio-technical systems in processes of sustainability transitions (). More precisely, as transitions unfold through co-evolutionary dynamics of system components, our framework focusses on the co-evolution of the policy mix, as part of the institutional structure of the system, with the ...

Brainstorming is a group creativity technique by which efforts are made to find a conclusion for a specific problem by gathering a list of ideas spontaneously contributed by its members.. In other words, brainstorming is a situation where a group of people meet to generate new ideas and solutions around a specific domain of interest by removing inhibitions.

As shown in Table 1, the most-often used theories in the areas reviewed are SCT, the TTM/stages of change, the HBM, the TPB, and the PRECEDE/PROCEED planning model. These findings are similar to those in general reviews of the literature (above) and show that a small number of theories are being used to develop and test interventions.

While literature on teaching emphasizes the importance of identity in teacher development, understanding identity and the issues related to it can be a challenging endeavour. This article provides an overview of the issues revealed in recent discussions of teacher identity: the problem of defining the concept; the place of the self, and related issues of agency, emotion, narrative and ...

Abstract This paper investigates the relationship of performance appraisals, sociocultural issues, affirmative action (AA), and organizational capabilities in managing diversity and equality in the workplace. Firstly, performance appraisals were found to be a major source of discrimination especially due to raters influence on the actual process.
